

Arc Legs

Description	Standard Lengths
5/16" leg diameter	7" through 48"
3/8" leg diameter	7" through 48"
Arc leg screw	Specify for 5/16" or 3/8" leg
Arc leg washer	Specify for 5/16" or 3/8" leg

Legs are required for proper gun set up. The general rule of thumb is that the legs should be at least 6" longer than the stud that is to be welded.
