

CERAMIC PREMIUM DISCS

Premium Ceramic 2 Resin Fibre Discs

- Improved grain technology allows for 30-40% higher stock removal rates and longer product life, when compared to traditional ceramic grain.
- Advanced grinding aid for cool cutting technology that reduces heat and increases performance.
- Suitable for high pressure grinding applications.

CERAMIC

30 - 40%
product performance
increase over traditional
ceramic grain products

Resin Fibre Discs *Ceramic Blend with Grinding Aid*

- Premium ceramic grain is extremely hard and self-sharpens during operation. Ceramic grain breaks down with less pressure than Zirconia discs without heat damage.
- Grinding aid keeps the disc cool while grinding hard materials and **aluminum**.
